We at ExamREVIEW develop study material entirely on our own. Our material is fully copyrighted. Braindump is strictly prohibited. We provide essential knowledge contents, NOT any generalized "study system" kind of "pick-the-right-answer-every time" techniques or "visit this link" referrals.

Preface

Information presented in this book is applicable to almost all ASQ certification tracks. Except for the section on HACCP which is HACCP Auditor specific, candidates of CQA, CSSBB and CQPA should go through all sections as part of their exam prep effort. CSSBB candidates must know 6 Sigma and DMAIC inside and out. CQA candidates must pay attention to audit procedures and techniques.
